

Earthquake AND

Tsunami STATEWIDE

AWARENESS DRILL

Total destruction of a truck in Seattle during the Nisqually 2001 Earthquake / EMD photo.

Tsunami damage along the waterfront at Kodiak, Alaska Earthquake, March 1964 / U.S. Geological Survey photo.

EARTHQUAKE!

When the ground shakes:

- **Resist the urge to run**
- **DROP** down where you are
- **Take COVER** under or beside something sturdy, such as a desk, table or sofa. Protect your head and neck with an arm
- **HOLD** that position until the shaking stops

Drop, Cover and Hold!

TSUNAMI!

When at the beach:

- **Practice EVACUATION ROUTES**
- **If the GROUND SHAKES...**
- **If you HEAR A SIREN...**
- **If the OCEAN RECEDES from the shoreline...**

Immediately head for high ground!
